Memo no: 635 S 87 June 1903

Note.

The proposed estimate for 1903-04 is Rs 98,491 against Rs 93101 for the current year showing an increase of 5590. But the estimate is corrected into 97,796 and the net increase, 4695 is explained as follows:

Increase

Rs 250. ✓	An increment of Rs 600 is shown in the Budget against the 2nd State Geologist. His pay is calculated at Rs 100 per month for the 1st five months & at Rs 750 for the remaining months. State Geologist —

File Marked A

In Govt. Pro. No. 276-6 G. dy 6.4.01 the Salary y this Office was fixed at Rs 1500 to 1800 by annual increments y Rs 100/- with effect from 28th Dec. 1899. Fractions y a month being omitted (and Service Rules) for accrual y increment, the first increment fell due on the 1st Jany. 1901, the 2nd on 1st Jany 1902 & the 3rd on 1st Jany. '03. In the Budget y 1902-3, the Estimate

(10)

provision under this head was
as follows:-
from 1st July to 31st Dec[1902] @ Rs 1700 = 11,900
(pay for June being due on 1st July)
& from 1st Jany to 31st May[1903] @ 1800 = 9000
Total = 20,900
for the whole of 1903-4 the salary
is @ Rs 1800 ——— = 21 600
Decrease = 700.

This office's salary was fixed at Rs. 600 to ₹800 by annual increments of Rs 50/- (Vide first Pro: No 120 G of 5th Oct 1900), but subsequently in March 1902 govt. directed that until this office's salary be came up to Rs 700/- in the usual course he may be permitted to draw Rs 700 from 1st March 1902. But as by the time this latter order was issued the budget for 1902-3 had been sent to Comptroller the calculation was made under the orders Oct. 1900 as follows:-

from 1st July to ~~31st~~ 31st Oct[1902] @ Rs 650 ——— = ~~2900~~ 3250
from 1st Nov 1902 to 31st May @ 700 = 4900
Total = 8150

of the Order of 11th April the Officer has been drawing Rs 700 during the whole of 1902-3. or in all Rs 8400. Under the Orders of Oct 1900, he is Entitled to Rs 750 from 1st Nov 1903, & the provision for 1903-4 is made as follows:—

For 8 Months of 1903-4 @ 700 = 5600
& for the remg. 4 months @ 750 = 3000
Total 8750.

The apparent increase is Rs 600/ as shewn in the Budget for the ensuing year, but the actual increase is only Rs 350

Inspector of Mines — File C

This is a new appointment just sanctioned by the Govt & awaiting the sanction of the Govt. of India - The minimum Salary of the post (Rs 500) is provided for the whole year 1903-4 (= Rs. 6000)

3d State Geologist & Lecturer in Geology - Central College. File D

For 1902-3 this Officer's pay was Calculated as follows

His own pay as Asst Geologist 2nd Class @ Rs 250/- = 3000
& allce as Offg 3d State Geologist @ 120/- 1440
Total 4440.

For 1903-4, the Calculation is as follows:

His own pay as Asst Geologist 2nd Class

(12)

@ Rs 250
Offg. allce @ Rs 130/-
in consequence of the
increase to the perma-
-nent incumbent
had he continued
in the post under
orders of 1898) 1560
Total 4560

Increase 120

Note - The Govt. have since
changed the pay & designation
of this officer - Hence provision
shd. be made as follows
Pay due on 1st Jan 1904
= 250 + 120 = 370
(+ the allce of 200 for
lecturing in Geology
being debited to Educ.
Budget.)
Pay from Jan 1903 to 31st
May 1904 @ Rs 500/ = 5500
Total 5870

This officer's retirement takes Inspector
effect from 1st Jan 1903 - So
no provision is made in the File E
Budget, though perhaps
a sum of Rs 450 (being pay
due on 1st Jan for the month
of June 1903) ought strictly

Speaking to be provided as I believe all payments in Jan$ will be debited by Comptt to the new official year): —

Assistant Registrs

Vide F- also D

During 1902-3 there were 3 ~~Apprentice~~ Assistant Registrs in 2nd Class @ Rs 250/- Each = 9000. Out one of the Ass^{t}: Registrs, Mr Slatin has not been promoted to 1st Class on Rs 300/- Accordingly the provision for 1903-4 is as follows.

1 Ass^{t}: Registr 1st Class
@ Rs 300/ = 3600
2 Ass^{t} Registrs to 2^{d} Class
@ Rs 250/ Each = 6000
Total = 9600

Note — One of the Ass^{t} Registrs 2^{d} Class (Mr B. Jagannath) has been allowed an all^{ce}. of Rs 50/- during the period of such deputation - In the year 1903 - 4 the total amount of this all^{ce}. will be 350 (7 months only). But in the order sanctioning this all^{ce}. it was directed that the whole of the allowance may be met from the general savings of 1902-3 in the Deptt. - This in this may be irregular

(14)

an addl. allowance of Rs 350/- ought to be made in the budget of 1903-4 under the salaries of Asst Registrs.

The Calculation for 1902-3 was as follows: —

For 9 months of 1902 @ Rs 100/- = 700
the remd. 3 months — @ Rs 150/- = 750
1450

In 1903-4 the Calculation as follows —

For 1st 7 months @ 150/-	1050
For remd 5 months @ 200/-	1000
under the terms of	2050.

the appt. of Asstt Registrs after 2 years service they will be appointed 3rd Class on 200/

Apprentice Registrs —

Papers marked G.

This under Salaries of Officers shows an increase of — Rs.

For 1902-3 the Calculation was as follows: —

@ Rs 200 @ 12 for the year = 2400
(Rose from 1st March the Salary was raised to Rs 250)
For 1903-4 @ Rs 250/ = 3000

MEMO OF INSTRUCTIONS FOR THE PREPARATION OF THE BUDGET ESTIMATES.

Particular attention should be paid to the rules laid down in Chapter 10 of the Civil Account Code, Volume I, Article 155, and also to the following points:—

Estimated Revenue should be—

(1) For what is expected to be actually received during the year, including the arrears of past years.

(2) No net receipts to be entered, but the gross transactions in full.

(3) The estimate of receipts should not be merely an arithmetical average of three years' figures. The average is a guide, but it should not be taken absolutely.

(4) Every department should provide for the whole receipt with which it deals finally.

(5) As regards Land Revenue, Forests, Excise, Mohatarfa and Sayer receipts, the following details should be furnished in a separate statement to accompany the Budget Estimates:—

A—Actuals of the Previous year.

(*a*) Arrears at the beginning of the year.
(*b*) Current year's demand.
(*c*) Total.
(*d*) Collections—
  (1) On account of the arrears of the past and previous years.
  (2) On account of the current year's demand.
(*e*) Total.

B—Current Year's Estimate.

(*a*) Arrears at the beginning of the year.
(*b*) Current year's demand.
(*c*) Total demand.
(*d*) Collections—
  (1) Actuals during the first eight months.
  (2) Estimated collections during the subsequent months.
  (3) Total collections.
(*e*) Probable balance at the end of the current year.

C—Estimate for the Ensuing Year.

(*b*) Demand proper of the year.
(*c*) Total demand.
(*d*) Estimated collections—
  (1) On account of arrears.
  (2) On account of the year's demand.
  (3) Total of (1) and (2).

Estimated Disbursements should be—

(1) For what is expected to be actually paid (under proper sanction) during the year including the arrears of past years—not for the demand or the liabilities falling due within the year. In no case net charges to be entered, but the gross transactions in full.

(2) Full amount of the sanctioned scale should be shown.

(3) The columns of No. must be carefully filled in, and the rate of pay should be stated.

(4) The estimates for varying charges, such as contingencies, travelling allowance, and the like should be made by taking the average of three years' figures only as a guide, but not absolutely.

(5) No new charge to be entered that has not been sanctioned by competent authority. The No. a date of order sanctioning fre charges included in the estimat for the first time, must inva ably be quoted. New or ad tional charges proposed, whi are not sanctioned by Gover ment, will be disallowed by th office.

(6) Every department will provide f the whole charge with which deals finally.

NOTES.

1. Full explanation for the variation in t estimates with previous year's estimate shoul be given opposite such items.

2. The districtwar details for the est mates of receipts and expenditure of the Fores Excise, Registration, Judical, Police, Muzr and Medical Departments, which are reviewe and consolidated by their respective heads c departments or controlling offices, may be pre pared as heretofore separately in manuscrip and attached to the printed form wherein th totals are given.
